

# Basic Certificate Course in Family Therapy (Spring 2024)

## Course Objectives:

Family therapy is an important development in the field of relationship science. Current research has shown that it is a particularly effective approach in working with child and adolescent problems, trans-generational conflicts and a range of mental health problems including depression and eating disorders.

This course is designed for human service professionals who are interested in gaining more knowledge in systemic perspective and its application to various professional fields. Using video segments of actual family interviews, the course will cover the theoretical bases, conceptual framework, and skills in marriage and family therapy.

## Topics to be covered:

- The use of the 4-step map in a family interview
- Family Therapy with children/ adolescents/ couple
- Sex and Family
- Children in Divorce Families
